Fillmore, UT 84631

Dear Claimants:

This is in reference to the Drum Slate # 1 mining claim, UMC367306.

Your original Notice of Location (NOL) and map shows the Drum Slate # 1 mining claim is located in the SW $\frac{1}{4}$ of Sec. 27, T. 14 S., R. 10 W., Salt Lake Meridian.

An Amended NOL submitted on November 8, 2005, shows the claim is now located in the SE $\frac{1}{4}$ of Sec. 28. However, a map showing the correct location of your claim was not submitted.

You may file an amended NOL to correct the land description of the claim to reflect the location of the claim on the ground. However, you cannot take in additional land or move the claim on the ground.

If your amendment reflects the location of your claim as it is out on the ground and the claim location on the ground was not changed as of the date of location, please submit a notarized letter stating so. You must also submit a new map showing the correct location of your claim. You have 30 days from receipt of this notice to submit the requested information. Failure to comply will result in the claim being forfeited.

If you changed the location of your claim on the ground, then you must submit a new notice of location with a new location date, map and proper recordation fees (\$170).

If you have any questions, please call Opie Abeyta at (801) 539-4123.

Sincerely,

JAMES F. KOHLER
